

Copyright of *Journal of Geomagnetism and Geoelectricity* in conjunction with electronic publishing

The Society of Geomagnetism and Earth, Planetary and Space Sciences (SGEPSS) published the *Journal of Geomagnetism and Geoelectricity (JGG)* from 1949 to 1997 (Volumes 1–49), which is a predecessor of *Earth, Planets and Space (EPS)*. Under the sponsorship of the Japanese Government and in collaboration with the publisher, TERRAPUB, SGEPSS will digitalize and publish the papers of *JGG* back to the first issue. In *EPS*, in principle, it is clearly presented in the published papers, with agreement of the authors, that the copyright belongs to five societies, including SGEPSS, but in *JGG* such an arrangement apparently was not practiced. SGEPSS, however, assumes that the copyright of the papers published in *JGG* also belongs to the society who will carry out the electronic publication of these papers. This does not limit the use of the papers by the authors themselves. If the authors of a paper published in *JGG*, or his or her successors, have any objection to this assumption, please contact us at the following address by no later than 31 May, 2006.
